About This Tour

Labuan Bajo is a fishing town located at the western end of the large island of Flores in the East Nusa Tenggara province of Indonesia. It is the capital of the West Manggarai Regency, one of the regencies on Flores Island. The town is one of the gateways into the charm of Flores; you can reach it by direct flight from Malaysia, Jakarta, Surabaya, or Bali, or you can do so by ferry boat. Why should you come to Labuan Bajo? Because there are some good destinations to visit, such as Mirror Cave Stone, Puncak Waringin Hill, Amelia Sea View, Ranko Cave, several waterfalls, and Komodo National Park. town and stay overnight on the wooden boat, then explore the whole beautiful park.

About This Tour

Komodo National Park is located in the center of the Indonesian archipelago, between the islands of Sumbawa and Flores. It's composed of some major islands (Komodo Island, Rinca Island, Padar Island, Gili Motang, and Nusakode), and there are some smaller islands. Exploring the Komodo National Park, you will have a good underwater experience with a thousand kinds of fish, such as manta rays, turtles, sharks, and others, and still have a chance to relax at some beautiful pink beaches with crystal seawater. Take a moment to appreciate the panoramic views of the turquoise sea, dry or green rolling hills, blue sky, and the colors of the beach. Komodo Island is inhabited by a population of flora and fauna, especially Komodo dragons. This 5 days and 4 nights is the best choice for the traveler to enjoy the town and stay overnight on the wooden boat, then explore the whole beautiful park.

Day 1 - Itinerary Details

- ✦ A guide will pick you up at Komodo Airport at your flight time, and you will be welcomed by the traditional weaving (sembar).
- ✦ You start at Gua Batu Cermin, or Mirror Cave Stone. It is actually a tunnel or cave in the dark stone hill of Labuan Bajo, west of Manggarai. The sunshine comes in through a hole in the tunnel and bounces on the stone walls that again reflect small lights to others inside the cave like a mirror. In that cave you will see some fossils of sea life, such as turtles, fish, and hard coral.
- ✦ Then you will go to Puncak Waringin hill. It is about 50 meters above sea level and one of the best spots to enjoy the sunset in the town. From here, you can also see the beauty of Labuan Bajo town. Continuing to Amelia Sea View, its hills offer a breathtaking combination of sea and mountains. From the top of the hill.
