

4D/3N SUMBA ISLAND (PRAIJING VILLAGE & AROUND)

CODE: SMB4D1-LUX

VALID: UNTIL MARCH 31st, 2027

A man in traditional Sumba attire, including a white headband with a feather and a patterned sarong, stands next to a graphic overlay. The overlay features a map of the eastern Lesser Sunda Islands with Sumba highlighted in teal and labeled 'Sumba' in a large, bold, teal font. Above the map, the text 'Nusa Tenggara Timur' is written in a teal serif font, with 'eastern lesser sunda islands' in a smaller, teal sans-serif font below it. The background of the overlay is a light beige color with a subtle circular pattern.

Welcome to Sumba Island, the name "Sumba" is derived from the native language, humba or hubba (in various Sumbanese dialects), which means “original”, “native”, “indigenous” or “no interference” referring to the native inhabitants of this island who identified themselves. Sumba is one of the exotic paradises in eastern Indonesia. The vast expanse of savanna, rows of limestone hills, the white perfectly beaches, the stunning of waterfalls, and the splendor of nature that is so beautiful blend perfectly with the local wisdom. The villages on this island are mostly built on hilltops with houses that still carry the traditional concept of thatched roofs. The majority of the houses are built near ancestral graves, because most of the local residents embrace the Marapu belief, namely the belief in worshiping ancestors.
